In the right hand Top corner you will see the button named: Data Migration (Highlighted in red box below)

Please click on the DATA MIGRATION button

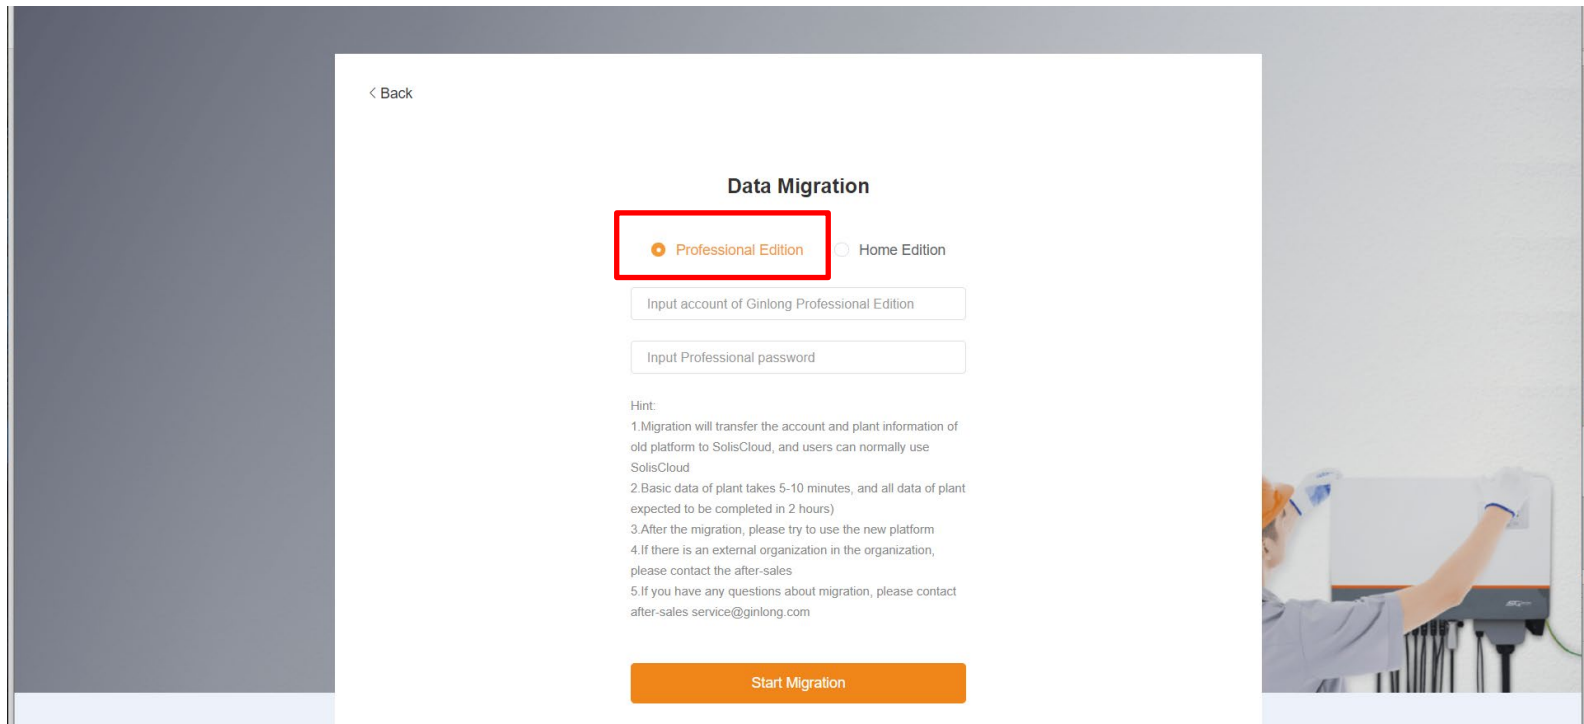

Migrating Professional Account to Solis Cloud

You will then be directed to the following Screen as per figure below

Migrating Professional Account to Solis Cloud

If you are the installer or EPC company, Please select professional Edition-
As per the red Box Below

< Back

Data Migration

Professional Edition Home Edition

Input account of Ginlong Professional Edition

Input Professional password

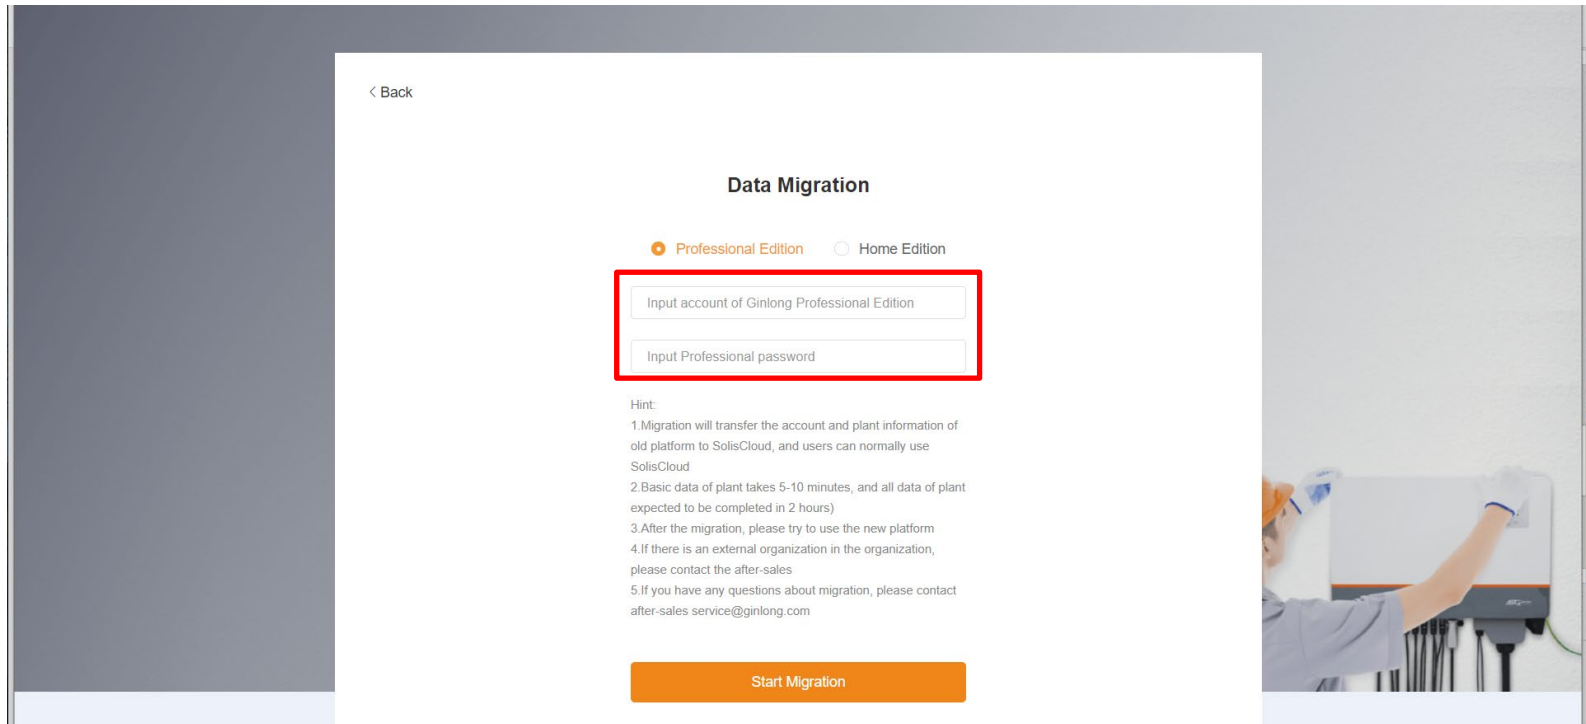

Hint:

- 1.Migration will transfer the account and plant information of old platform to SolisCloud, and users can normally use SolisCloud
- 2.Basic data of plant takes 5-10 minutes, and all data of plant expected to be completed in 2 hours)
- 3.After the migration, please try to use the new platform
- 4.If there is an external organization in the organization, please contact the after-sales
- 5.If you have any questions about migration, please contact after-sales service@ginlong.com

Start Migration

Migrating Professional Account to Solis Cloud

Please Enter you current Ginlong Platform Username and Password - As per the red Box Below

The screenshot shows a web interface for "Data Migration". At the top left is a "< Back" link. The title "Data Migration" is centered. Below the title are two radio buttons: "Professional Edition" (selected) and "Home Edition". A red rectangular box highlights two input fields: "Input account of Ginlong Professional Edition" and "Input Professional password". Below these fields is a "Hint" section with five numbered instructions. At the bottom is an orange "Start Migration" button. On the right side of the screenshot, there is a partial image of a person in a blue shirt and orange cap working on a solar inverter.

Migrating Professional Account to Solis Cloud

You will be re-directed and the following Screen and message will appear

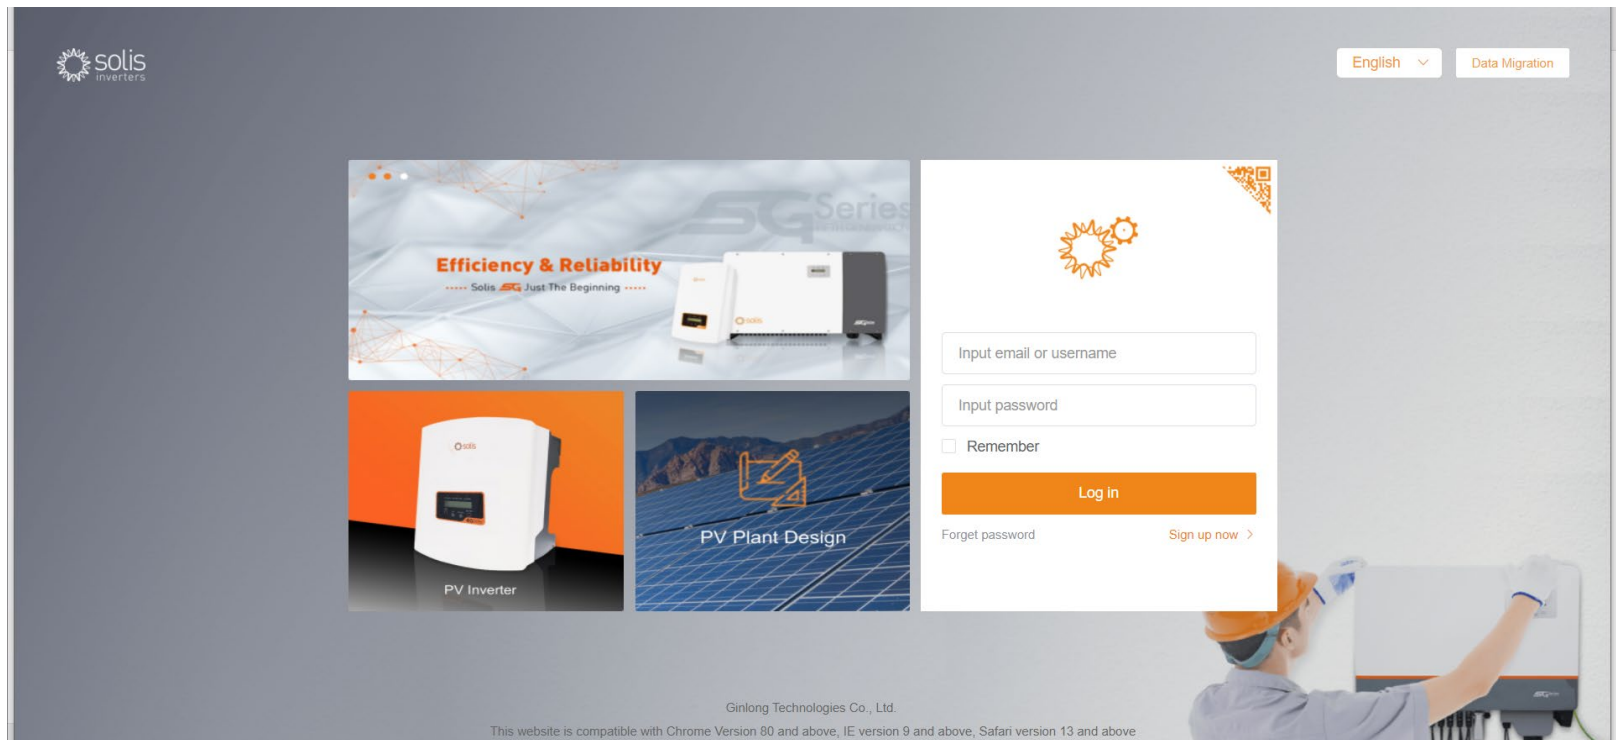

Migrating Professional Account to Solis Cloud

Click on the Log-in Button indicated in the RED square below

Migrating Professional Account to Solis Cloud

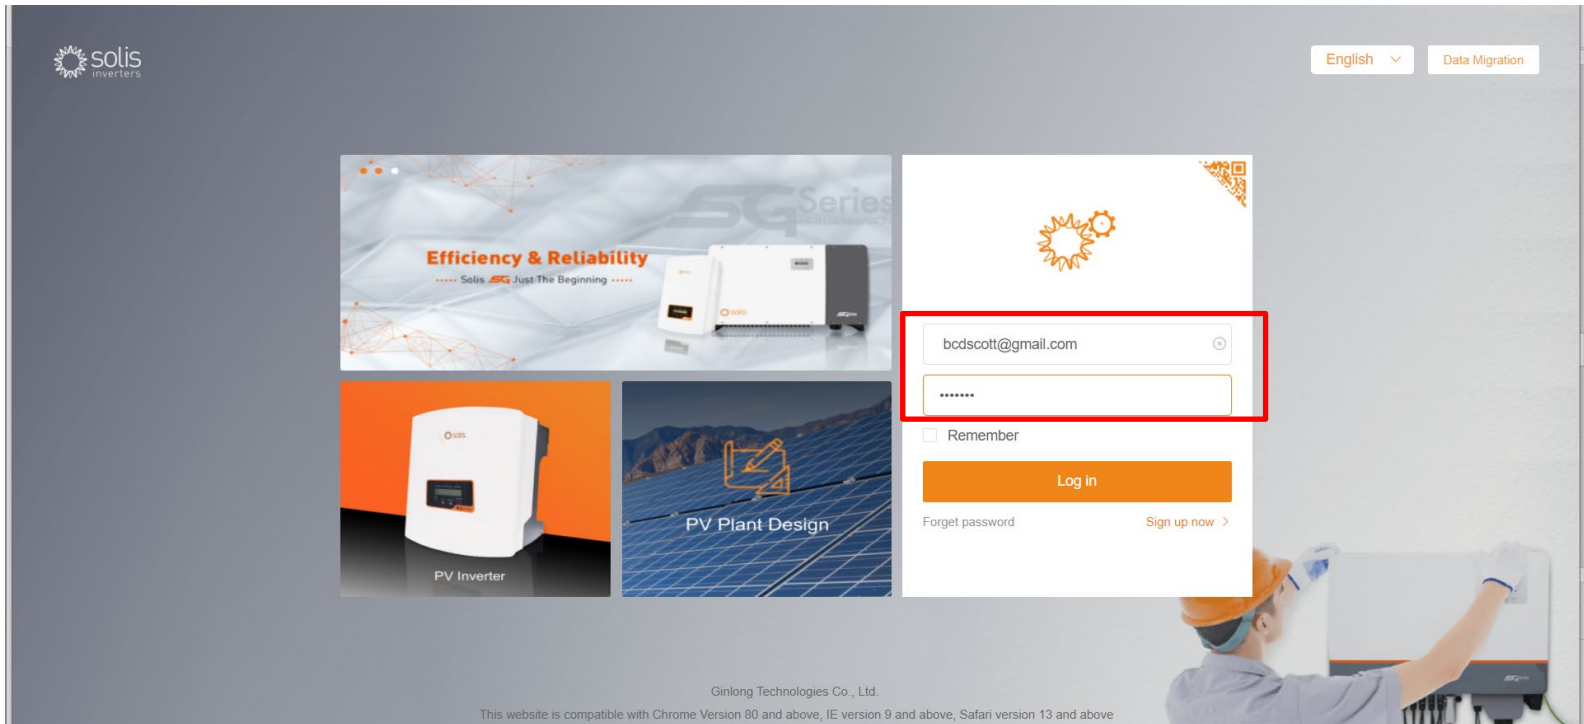

You will be re-directed back to the homepage screen as below

The screenshot shows the Solis Cloud homepage. In the top left corner is the Solis Inverters logo. In the top right corner, there are two buttons: "English" with a dropdown arrow and "Data Migration". The main content area features a large banner with the text "Efficiency & Reliability" and "Solis 5G Just The Beginning" above an image of a Solis 5G Series inverter. Below this banner are two smaller images: one of a "PV Inverter" and another titled "PV Plant Design" showing solar panels. On the right side of the page is a white login form with a Solis logo at the top. The form contains input fields for "Input email or username" and "Input password", a "Remember" checkbox, an orange "Log in" button, and links for "Forgot password" and "Sign up now >". At the bottom of the page, it says "Ginlong Technologies Co., Ltd." and "This website is compatible with Chrome Version 80 and above, IE version 9 and above, Safari version 13 and above". A background image of a technician in a hard hat working on an inverter is visible on the right side.

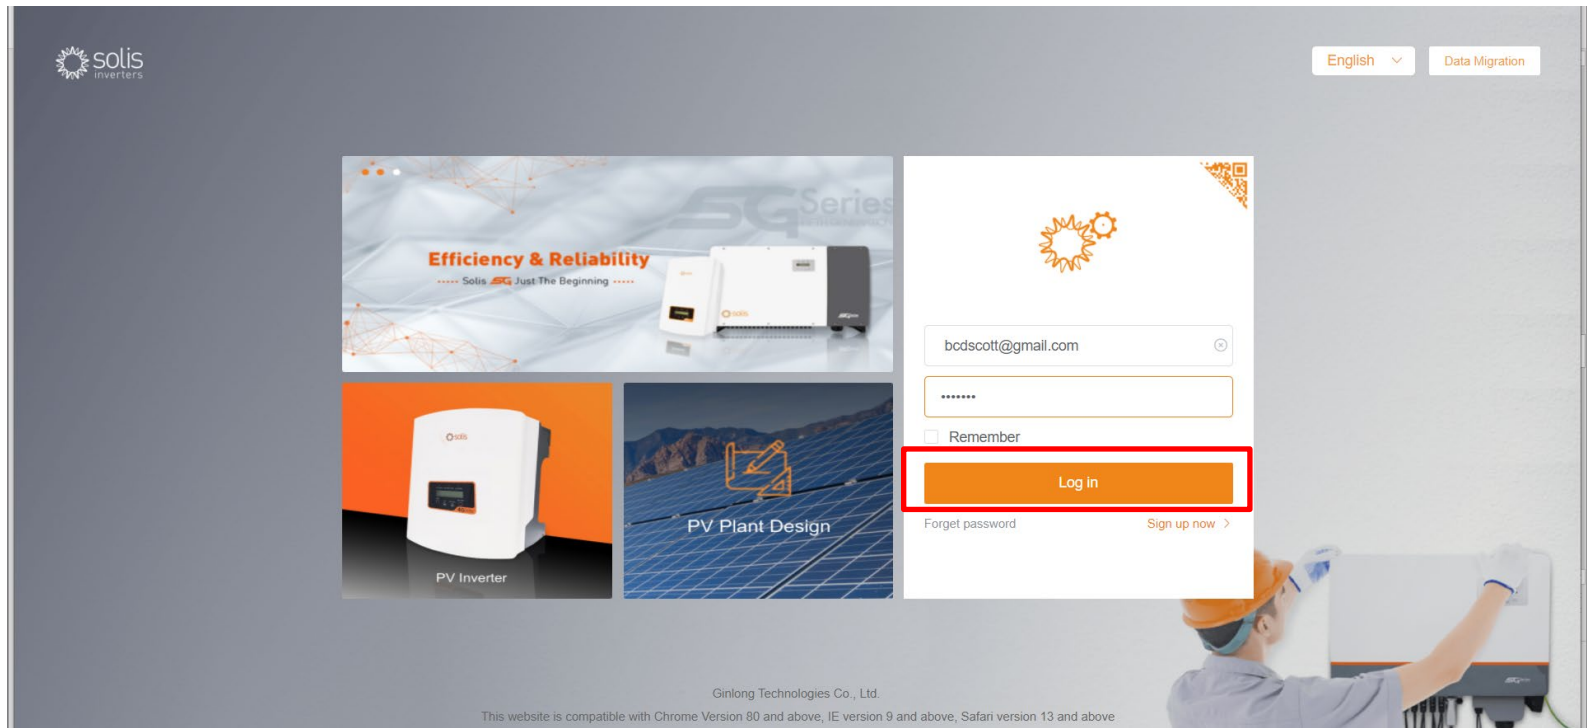

Migrating Professional Account to Solis Cloud

Re-enter your username and Password as indicated in the red square below

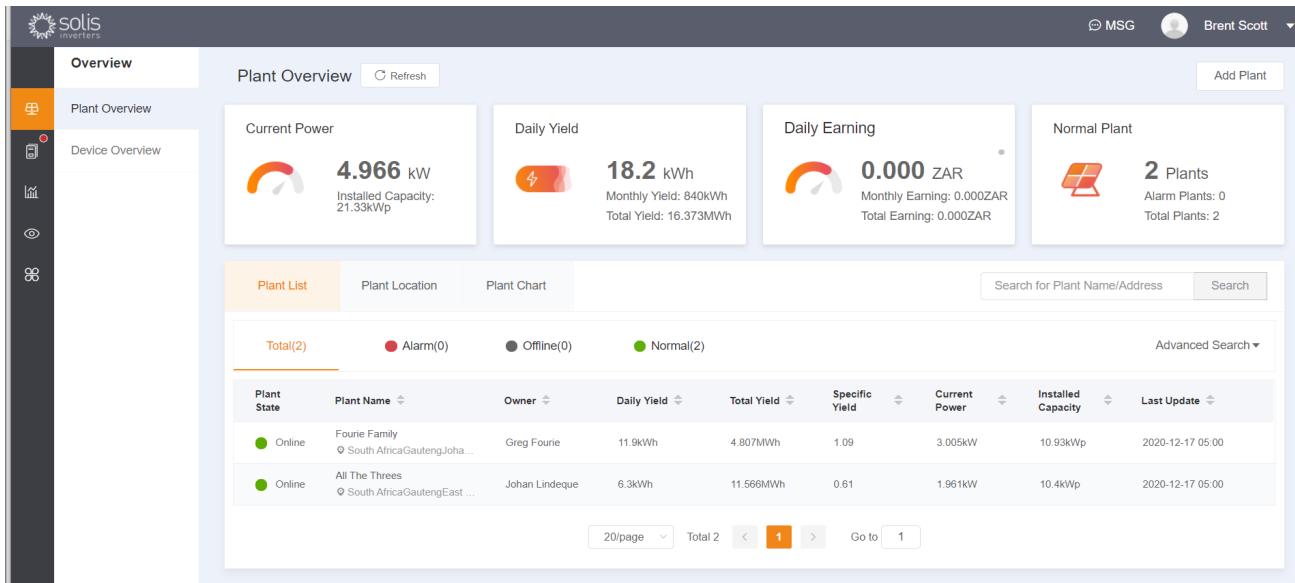

Migrating Professional Account to Solis Cloud

Click on the Log In Button as per the Red square below

Migrating Professional Account to Solis Cloud

Once successfully logged in you will see the plants associated with your old account in your New Platform list
 Data Migration will be completed in 1-2 hours usually

The screenshot shows the Solis Cloud dashboard interface. At the top, there's a navigation bar with the Solis logo, user name 'Brent Scott', and a 'MSG' icon. The main content area is titled 'Plant Overview' and includes a 'Refresh' button and an 'Add Plant' button. Below this, there are four summary cards: 'Current Power' (4.966 kW, Installed Capacity: 21.33kWp), 'Daily Yield' (18.2 kWh, Monthly Yield: 840kWh, Total Yield: 16.373MWh), 'Daily Earning' (0.000 ZAR, Monthly Earning: 0.000ZAR, Total Earning: 0.000ZAR), and 'Normal Plant' (2 Plants, Alarm Plants: 0, Total Plants: 2). A 'Plant List' section follows, with a search bar and a table of plants. The table has columns for Plant State, Plant Name, Owner, Daily Yield, Total Yield, Specific Yield, Current Power, Installed Capacity, and Last Update. Two plants are listed: 'Fourie Family' and 'All The Threes', both in 'Online' state. At the bottom, there's a pagination control showing '20/page', 'Total 2', and 'Go to 1'.

| Plant State | Plant Name | Owner | Daily Yield | Total Yield | Specific Yield | Current Power | Installed Capacity | Last Update |
|-------------|---|----------------|-------------|-------------|----------------|---------------|--------------------|------------------|
| Online | Fourie Family South AfricaGautengJoha... | Greg Fourie | 11.9kWh | 4.807MWh | 1.09 | 3.005kW | 10.93kWp | 2020-12-17 05:00 |
| Online | All The Threes South AfricaGautengEast ... | Johan Lindeque | 6.3kWh | 11.568MWh | 0.61 | 1.961kW | 10.4kWp | 2020-12-17 05:00 |

Thank you

For your attention
